

Thought leadership on passive fire protection

Join the Promat Team and learn how to protect your building against fire.

Passive fire protection is a term that can be confusing, join us in this webinar and let us clear the smoke on how systems can be incorporated into your projects.

→ Accreditation:

Participants will receive two CPD accreditation points from the Institute of Fire Engineers (IFE).

REGISTER NOW FOR FREE

There are two dates available:

for 12 November, scan here

for 26 November, scan here

→ What you will learn:

The areas that need to be considered to protect your building and the expertise to make them safer places to live and work.
